

Education

2025 **Bachelor of Law, PPE**, Renmin University of China

Major GPA: 3.92

Econ: Topics in Microeconomics, Topics in Macroeconomics, Advanced Microeconomics, Econometrics

Math&CS: Real Analysis, Functional Analysis, Topology, Probability Theory, Machine Learning, Mathematical Logic

Philo&Poli: Tradition, Modernity and Globalization, Comparative Institutional Analysis, Ethics

2024 **Visiting Student**, University of California, Berkeley

Course: Economic Theory (Econ201A), Functional Analysis (Math 206), Theory of Sets (Math 235A)

Research Interest

Mechanism Design, Information Design, Model Misspecification

Research

My current work involves joint design of multi-dimensional screening and information.

2024 **Selling Training Data**. with Jingmin Huang and [Wei Zhao](#). [[Working Paper](#)] [[Slides](#)]

2023 **On the Existence of Fully Informative Experiment in Optimal Menu**. with Jingmin Huang and [Wei Zhao](#). [[Note](#)]

Conferences and Seminars

2024 **Seminar**: University of California, Berkeley-Theory Lunch, Fudan University

Conference: the 35th Stony Brook International Conference on Game Theory (New York), the 7th World Congress of the Game Theory Society (Beijing), the 8th Peking University CCER Summer institute (Beijing), Games and Artificial Intelligence Multidisciplinary Summer School 2024 (Paris)

Teaching

2024 Intermediate Microeconomics, Teaching Assistant for [Bin Miao](#)

2024 Topics in Microeconomics, Teaching Assistant for Yun Wang, [Zijia Wang](#)

2023 Theory of Industrial Organization, Teaching Assistant for [Zhonghong Kuang](#)

Research Grants

2022–2023 Innovation and Entrepreneurship Project [National Level], The Chinese Ministry of Education
Project No. 202210002034, Award amount: Y2,0000

2022–2023 Interdisciplinary Innovation Research Project, Renmin University of China, Award amount: Y1,0000

Awards

2023 Integrated Innovation Outstanding Student Scholarship, Industrial and Commercial Bank of China

2023 Academic Excellence Award, Renmin University of China

2022 Academic Excellence Award, Renmin University of China

Service

2023–2024 President of Ruichen Academic Society

- Invite Ph.D. students to share research experiences (co-organizer: the office of Academic Affairs @Renmin)
- Coordinate the Economic Theory Reading Group @Renmin
- Organize economics-related academic events, such as reading group on structural estimation methods.

Skills

Languages: Mandarin (Native), English (Fluent)

Coding: Python, Matlab, Stata
