Math &amp; CS: Real Analysis, Functional Analysis, Topology, Probability Theory, Machine Learning, Linear Algebra, Mathematical Logic, Calculus, Statistics

2024 **Visiting Student**, University of California, Berkeley

Course: Economic Theory (Econ201A), Functional Analysis (Math 206), Theory of Sets (Math 235A)

## Research Interest

---

Mechanism Design, Information Design, Model Misspecification

## Research

---

My current work involves joint design of multi-dimensional screening and information.

2024 **Selling Training Data.** with J. Huang and [W. Zhao](#). [[Working Paper](#)] [[Slides](#)]2023 **On the Existence of Fully Informative Experiment in Optimal Menu.** with J. Huang and [W. Zhao](#). [[Note](#)]

## Conferences and Seminars

---

2024 **Seminar:** University of California, Berkeley-Theory Lunch, Fudan University**Conference:** the 35th Stony Brook International Conference on Game Theory (New York), the 7th World Congress of the Game Theory Society (Beijing), the 8th Peking University CCER Summer institute (Beijing), Games and Artificial Intelligence Multidisciplinary Summer School 2024 (Paris)

## Teaching

---

2024 Intermediate Microeconomics, Teaching Assistant for [Bin Miao](#)2024 Topics in Microeconomics, Teaching Assistant for [Zijia Wang](#)2023 Theory of Industrial Organization, Teaching Assistant for [Zhonghong Kuang](#)

## Research Grants

---

2022-2023 Undergraduate Innovation Research Project [National Level], The Chinese Ministry of Education  
Award amount: ¥2,0000 Project No. 2022100020342022-2023 Interdisciplinary Innovation Research Project, Renmin University of China  
Award amount: ¥1,0000

## Awards

---

2023 Integrated Innovation Outstanding Student Scholarship, Industrial and Commercial Bank of China

2023 Academic Excellence Award, Renmin University of China

2022 Academic Excellence Award, Renmin University of China

## Service

---

2023-2024 President of Ruichen Academic Society at Renmin University of China

- Invite faculty members, Ph.D. students to share research experiences (co-organizer: the office of Academic Affairs)
- Coordinate RUC Economic Theory Reading Group
- Organize economics-related academic events, such as reading group on structural estimation methods.

## Skills

---

Languages: Mandarin (Native), English (Fluent)

Coding: Python, Matlab, Stata
